MRS. G. F. FRIEL DIES IN CINCINNATI

WIFE OF FORMER ASHLAND
NEWSPAPER MAN PASSES
AWAY.

The many friends of Mrs. G. F. Friel were pained to learn of her death which occurred Saturday night at nine o'clock at the Good Samaritan hospital, at Cincinnati, O., where she had been taken several weeks ago and where she underwent a serious operation.

Her critical illness has extended over a period of several weeks and the best skilled physicians and the best trained nurses, in fact, all that human hands could do, was done, but the inevitable must come and nothing could stay the hand of death.

Several months ago Mrs. Friel was taken to the Mayo Brothers at Rochester, Minn., and then her condition was not counted serious. Though she had been frail for some time there arose complications about two months ago that baffled even the most learned physicians.

Mrs. Friel, whose maiden name was Ida Florence Wheeler, was the daughter of William Henry Harrison and Rhoda Anne Taylor Wheeler, of Wheelersburg, O. This town having been named for her ancestors who settled in and about there and have resided there for nearly a century. She was forty-seven years of age the 20th of this month, and was married twenty-seven years ago to G. F. Friel and since their marriage have resided the most of the time in Ashland and Catlettsburg excepting two years they were in Portsmouth, O.

Her family came near being eligible for about all patriotic societies. Mrs. Friel traces her ancestry to Nathan Wheeler, who has her great-grand father and who served in the Revolutionary war. Her father was in the Civil war and like the noted Nathaniel Wheeler, was as true a patriot as ever lived.

Mrs. Friel was truly a home woman, devoted to her husband and children, and she has seen these children grow to manhood and womanhood respected and honored by all who knew them. She was a bookkeeper while "Billy" Friel is now a student at Vanderbilt College. The only daughter Miss Frances Friel, recently graduated from the Curry School of Expression at Boston. She has been with the mother at the home at Chaffee Place since she finished school and has been a great comfort to her. All during her illness she has been constantly at her bedside, day and night. She is truly a beautiful character and no parents could have a more dutiful and loving daughter.

The husband and wife, who were constantly with her and when her condition grew critical both boys were called home and were constantly near her. In fact the entire family stayed in Cincinnati so they could be near her and watch any turn or change that might come over her.

In Mrs. Friel's death, this family loses its stay and comfort for they have looked to her, counselled with her and trusted her opinion in everything.

Mrs. Friel was a member of the Methodist Episcopal Church, South and was a beautiful christian character. She respected all things sacred, and her entire family followed in her footsteps. She will be missed and mourned, for it is seldom one finds a noble character.

Mr. Friel and family arrived here from Cincinnati at four o'clock this afternoon and the remains were taken to her beautiful home at Chaffee Place which has just been remodeled and made one of the most attractive residences on the Catlettsburg and Ashland Pike. This home today is a model of neatness as this was one of the most beautiful and painstaking housekeepers we have ever known.

The funeral services will be held from the late home Wednesday morning at ten a. m. and will be in charge of Rev. W. M. Given, pastor of the Methodist Episcopal Church, South of which she was a member. He will be assisted by Rev. W. M. Wakefield, who has been a true friend of this family during their years of residence in Ashland. With the bereaved husband, the devoted sons and the loving daughter, and her two sisters and brother, the greatest sympathy is felt for truly she has gone out of the long journey across the Silver Sea, whose placid waves never yet "have borne the image of a returning soul."—Ashland Independent.

STATE TAKES ACTION IN CASE OF WINFREY.

Frankfort, Ky., March 23.—First Assistant Attorney General Charles H. Morris to-day filed a writ of prohibition in the Court of Appeals asking that Judge Davis, of Middlesboro, be prohibited from trying the case of the Commonwealth against M. O. Winfrey. Winfrey married the chief witness for the commonwealth and the question to be determined by the court is whether the wife can testify for the commonwealth against her husband under such circumstances.

WILL GO TO PIKEVILLE FOR RESIDENCE.

By order of Commissioner Terrell, of the State Roads Department Mr. William McDyer will have charge of the district of the upper Big Sandy. This will necessitate a residence somewhere in the district, and Mr. and Mrs. McDyer will live in Pikeville, at least until June 1st. They will leave Louisa about April 1st.

A GOOD MAN GONE.

F. M. Moles peacefully passed away March 18, 1916, after battling with pneumonia for nearly one week. The physicians made the most skillful and heroic efforts ever made in this neighborhood to save their patient, but the disease was too powerful and their patient had to succumb to the ravages of the dreadful malady. Mr. Moles' wife died only one week previous to his death. She was 71 years old and had been in very poor health for some years. Mr. Moles was 75 years old, was a member of the G. A. R. He was also a member of East Point Lodge No. 657, F. & A. M. He was postmaster at this place for 18 years. He received such education as the schools of his youth afforded, as he grew up he improved every opportunity to extend his education that he might fill his place in life more perfectly. He was a member of the Methodist church and was ever ready to respond to the call of those who were in need. Mr. Moles leaves five children to mourn their loss, three boys and two girls; Frank Moles, of East Point, Jeff Moles, telegraph operator at Auxier and Lon Moles, telegraph operator at Prestonsburg, Mrs. Laura Music, of Lookout, Ky., and Mrs. Martha Johnson, of Hager Hill. The aged couple will be greatly missed by the entire community as they were ever ready to extend to all a helping hand. The dear home once so happy and where the children loved to come is now silent and lone, but we know the dear ones are in glory and we can only look to the dear Lord who does all things well.

Farewell, loved ones, for a season
On earth we'll meet no more,
But in that celestial city
We'll meet on the other shore.
East Point, Ky. A FRIEND.

MRS. OTHA ROBERTS DIES AT AGE OF 80 YEARS.

Mrs. Otha Roberts died Tuesday of this week at the home of her daughter-in-law, Mrs. Martha Roberts. She was about 80 years of age and had enjoyed excellent health until about three months ago. Since that time her health has been poor, but her condition did not become alarming until a few days previous to her death.

Deceased was a native of Pike-co. Her maiden name was Adkins. She was the widow of Sinclair Roberts, one of the best known citizens of our county 30 to 40 years ago. She had lived for many years with her son Willis V. Roberts, who died two years ago.

The burial took place Thursday in the graveyard where Willis is buried.

WIND AND HAIL.

A big storm of wind and hail swept over Glenhays and vicinity last Monday. The store building of W. D. Fitzpatrick & Co., was damaged to the extent of probably one thousand dollars, and other property was injured.

In places the hail drifted to a depth of four inches. A team belonging to Lafayette Vinson became frightened by the storm and ran away, tearing the wagon to pieces.

HUSBAND AND WIFE DIE AT SAME TIME

AGED COUPLE GRANTED WISH
THAT DEATH COME TO
BOTH AT ONCE.

Mr. and Mrs. Frank Parker, each aged about 75 years, died within two hours of each other at their home on Cherokee, this county, last Saturday. A short time ago Mrs. Parker sustained a fall and it is supposed that was the cause of her death. They had been married a long time and it is thought that her aged husband died from grief over the death of his companion. Each had frequently been heard to express a wish that they would die together or at the same time. It would seem, therefore, that Providence had granted their desire.

Mrs. Parker was a sister of the late Dr. Sparks, who for many years lived at the mouth of Hood. All these parties were well known residents of the Blaine country.

SEVEN CHILDREN DEAD IN ONE FAMILY.

Cleyer Couch, the seventeen months old child of Mr. and Mrs. Geo. Couch, of E. Front-st., died this morning, and if the father can make the necessary arrangements, its little body will be taken back to Lee-co. for interment beside the remains of her little brother, Samuel Couch, who was struck and killed by a motorcycle on East Green-up-av. last Sunday a week ago.

The baby, the last surviving child of the family, was a victim of paralysis and was practically helpless.

The Couch family moved to Ashland a month ago, the father having accepted a position at the coke ovens.

The dire afflictions which have befallen the family have deprived the parents of their seven children, their earnings, and practically all their household goods and clothing.—Ashland Independent.

FRAZIER ADMITTED TO BAIL.

In County Judge Clayton's court on Monday last Sam Frazier, charged with shooting and wounding James Dobbs with intent to kill, was held to the April grand jury in the sum of \$500. Frazier gave the bail and was released from custody.

JAMES CHILDERS HAS CLOSE CALL FOR LIFE

SKULL FRACTURED BY PIECE OF
GAS PIPE IN HANDS OF
ANDY SEE.

During a difficulty which occurred at the chemical plant at Torchlight, this county, last Saturday morning about nine o'clock, Jas. Childers was struck on the head with a piece of gas pipe in the hands of Andy See thereby sustaining a fractured skull. The injured man was rendered all possible aid immediately after the occurrence, and seeing his condition and realizing the extent of his injuries he was as soon as possible placed upon a boat and brought to the hospital in this city. Mr. See assisted in the removal, coming to the hospital with him and helping him in every way in his power. The man was placed on the operating table where Dr. L. H. York, assisted by Dr. F. D. Marcum, who had attended him before his removal, removed a large piece of bone from the skull. The man remained unconscious for two or three days, but at this time has regained consciousness and according to the attending physician is doing as well as could be expected.

A short time previous to the difficulty Childers, who is an employee at the chemical plant, came into one of the rooms of the plant where Fred See, a brother of Andy See and likewise an employee of the plant, was in company with his brother Andy. It seems that Fred See has the custody of a quantity of alcohol which is used in the business of the plant. Childers, who all unite in saying, was drinking at the time, asked Fred See to let him have some alcohol saying that he had been sick and needed it. See told him that he could not let him have it, that he was drinking and that he had better go home and come back after he had become sober. Childers, so it is alleged, then began to curse Fred See, calling him all manner of vile names and threatening him. It was then that Andy See interfered and told him to let Fred alone. This seemed to enrage Childers, who began to curse Andy and to advance upon him, calling him names and striking at him. Desiring to avoid any trouble Andy tried to get out of his way and went the length of the room Childers following and striking at him, but not hitting him. Andy retreated as far as he could and got between two large tanks in a part of the room, where there was a piece of gas pipe about four feet long. Thinking that Childers would cut off his retreat by coming out he seized the gas pipe and struck Childers as above stated. Before the altercation occurred between Childers and Fred See, Childers had gone into the room of which Fred had charge taking with him another man, who, it is said, was under the influence of liquor. This was against the rules of the company and Fred told the manager of what Childers had done. The manager went into the room and put the intruder out. This also, it is said, contributed to Childers' anger. It is said that Mr. F. S. McConnell, one of the company, had urged Childers to go home.

On Saturday morning, as soon as he had seen Childers taken to the hospital, Andy See surrendered himself into the custody of Judge Clayton, County Judge. He held him in bond for his appearance on the following Tuesday. He furnished the bond and was released. On Tuesday morning the case was called and owing to the condition of the wounded man, an examination was waived and the defendant held in a bond of \$2,000 to answer at the next term of the Lawrence Circuit Court. He furnished bail.

County attorney, C. F. See, Jr., being a relative of the defendant, did not prosecute the case and attorney W. T. Cain appeared for the commonwealth. Jas. Childers, the injured man, is not akin so far as is known, to any one in this county, excepting to the relatives of his wife who is a daughter of Wayne Coburn. He came to this country about eleven years ago and was employed at the lock and dam at Chapman. He is a large muscular man and is said to be quarrelsome under the influence of liquor. He is an excellent mechanic and when sober is a useful citizen.

Andy See is a son of Felix See, of Lick creek, is a well known young man of good habits and was never before, so far as this paper knows, in any trouble. He is a son-in-law of Billy Wilson, of this place.

GOLD IN ESTILL.

Winchester, Ky., March 28.—Simpson Cox of Estill-co., just over the Clark-co. line, discovered an old book in his home last week which had been lost for many years. In it is given the location of a "gold mine" on Happy Top, a ridge of that county. With a number of men Cox has been busy for several days sinking a shaft. With the oil boom going on in Estill and the prospects for gold in her mountain regions, land has taken another jump in to the little county to each train. Cox claims that the book was handed down through his family, pioneers in that section, and they secured in from an Indian chief whose tribe mined gold in the early days of that section.

LICENSED TO WED.

Harry O'Bryan, 19, to Bessie Short, 18, of Wilbur, Ky.
Willie Vinson, 40, to Anna Williams, 19, of West Va. Married in office by Hay.

Grant Dooby, 22, to Zella Davis, 17.
Isaac Deboard, 19, to Laura Hays, 17, of Georges creek, Ky.

William Thompson, 19, to Lucy Ferguson, 19, of Cherokee.

HON. S. S. WILLIS.

The announcement of Judge S. S. Willis, of Boyd-co., appears in the NEWS this week. He wants the Republican nomination for Judge of the Court of Appeals in this district, which is equivalent to election. Mr. Willis is a fine gentleman and an excellent lawyer.

The following is a resolution adopted by the lawyers of Boyd-co.:
Resolved by the members of the Boyd County Bar Association assembled at the court house at Catlettsburg, Ky., on January 11, 1916, that we herewith endorse, regardless of politics, Mr. Willis as a candidate for Judge of the Court of Appeals of Kentucky and commend him to the voters of the Seventh Appellate District as a man of splendid character, of scholarly attainments and profound ability as a lawyer and in whom the citizenship of the district can repose the fullest confidence with a firm conviction that no voter who casts his vote for Mr. Willis will ever have cause for regret.

REV. CHRIS. THOMPSON DIES IN CALIFORNIA.

Mrs. W. H. Sellbee, of this city, has received information of the death of her brother, Rev. Chris. Thompson, which occurred in San Diego, Cal., on the eleventh of this month. His funeral was held in the Methodist church of that city, where he had been pastor for many years. Burial was made in Los Angeles, where his widow expects to make her home. Mr. Thompson is survived by one son, who was born of the union with his first wife who was a daughter of Alley Arttr, deceased, a well known citizen of Wayne-co., West Va. Mr. Thompson was a son of the late Greenville Thompson and was born near Fort Gay about fifty-five years ago. He was an able and well known minister of the Methodist Church South and has been heard in that church in this city. He was an uncle of Mrs. R. L. Vinson and leaves numerous relatives in this vicinity to mourn the death of a good man and faithful minister of the gospel. Mr. Thompson had been in poor health for several years. Shortly before he died he underwent an operation in the hope of permanent relief. This would probably have been the result but the physicians said that the anesthetic caused inflammation of the lungs which resulted in pneumonia and death. Mr. and Mrs. Thompson had expected to celebrate the 33rd anniversary of their wedding soon.

OPERATION FOR HERNIA.

On Monday last David C. May, of Whitehouse, was brought to the Louisa hospital, suffering from strangulated inguinal hernia. He was operated on by Dr. L. H. York and is doing well.

DEATH NEAR FT. GAY.

Sam Bartram died near Fort Gay last Saturday. He was about 65 years of age, and was a brother of Capt. W. C. Bartram, of Ft. Gay. Several children, all grown, survive him.

REV. OLUS HAMILTON RESIGNS HIS PASTORATE

LEAVES LOUISA BAPTIST CHURCH
TO ACCEPT A CALL TO
WALTON, KY.

At the regular morning service held in the Baptist church on Sunday last, the pastor Rev. Olus Hamilton, tendered his resignation of his charge and asked that it be accepted at once. He gave as his reason for offering his resignation the fact that he had received and accepted a call from the Baptist church at Walton, Ky. Mr. Hamilton's request was reluctantly granted. His resignation came as a great surprise to the most of his congregation as before Saturday last only a few of them were aware of any intention on his part to go to another field of labor. Mr. Hamilton came to this pastorate nearly three years and in half ago. During his residence here he has been very successful in his work in the ministry. The membership has largely increased and he has built up a Sunday school which is equal in its formation and conduct to almost any other of this denomination in the State. It is a graded Sunday school, conforming in every particular to the requirements for such a Sunday school.

As a minister Mr. Hamilton is above reproach in character, a good speaker, earnest and sincere in manner and is held in this community to be regarded as a christian gentleman and that our people generally will part with him with regret. He and his amiable and helpful wife will take with them the best wishes of those who know them for their success and happiness in their new field of labor. Walton, their new home, is a thriving town in Kenton-co., not far from Covington. Mr. Hamilton becomes pastor of a \$20,000 church and will have a comfortable parsonage as his residence. Mr. and Mrs. Hamilton left Thursday for their new home.

WEATHER PLAYS TRICKS.

Paintsville, Ky., March 27.—A heavy rainstorm swept over Paintsville last night and was followed to-day by sunshine, rain, hail and snow in nearby sections, accompanied by thunder and lightning. The tide in all creeks is high and thousands of logs are passing by. The Big Sandy river is raising fast. The storm meant disaster to farmers, plowed ground being most all washed from the hillsides.

CLINTON FORMATION FOUND IN KENTUCKY OIL FIELD

NEW POSSIBILITIES OF DEEP
SAND DEVELOPMENT ARE
OPENED.

Barbourville, Ky., March 26.—The discovery of the Clinton sand in Eastern Kentucky's petroleum fields opens up possibilities of deep sand development on a larger scale. A test well in Boyd-co., drilled to a depth of 3,200 feet, showed twenty feet of the Clinton formation, with a showing of petroleum. This, the deepest test ever drilled in Kentucky to show a petroleum producing formation at that depth, may be the forerunner of developments which will open a productive sand far below any now producing oil.

The search for production in the Berea grit, the deepest sand now showing a production in Kentucky, has been greatly stimulated by the constant advances in the crude oil market. Test work started early in the year is beginning to bear results. The most recent wildcat completion was a well in Martin-co., completed last week and showing a good yield below 1,200 feet. This well came in dry and was so reported, but when operators returned for an inspection, after two days, the hole was standing full of oil, the well having drilled itself in.

Wolfe, Morgan and Lawrence counties, developed fields in the deep sand area, have been making a little better showing in new production than formerly. In each of these fields late strikes are reported, small, however, in capacity.

Late results in shallow fields show a decided gain. The largest number of completions in the history of the field is credited to Estill-co. for the week, nine completions being recorded, of which only one was a failure. One well started out at 100 barrels daily, while a number of completions made twenty-five barrels each.

WADDELL IS URGED.

While Charles J. Howes, holding over from the last administration until his successor is appointed and approved by the Governor, retains the position of Assistant Secretary of State, no assumption of permanency is accepted in Republican ranks, and the selection of a successor to Mr. Howes continues to be agitated.

It is understood that William Dingus, of Prestonsburg, first named by Secretary of State James P. Lewis, was offered another post, but has declined. He was not acceptable to Gov. Stanley. Now there is talk of A. J. Sturgill, who resigned as County Clerk of Letcher county to accept a desk in the Secretary of State's office, being offered for assistant and Mr. Dingus being put on his desk if the appointment is approved.

In the meantime Robert Waddell, of Somerset, said to have been urged by Edwin P. Morrow for the Board of Control, is being pressed upon Secretary of State Lewis for the assistant's place.

TWO SHOT ON ROAD IN BOYD.

Ashland, Ky., March 27.—J. Collins and his daughter, Mrs. John Brannan, were ambushed on a public road about two miles from Catlettsburg about 3 o'clock this afternoon, and both are at their home to-night, fatally wounded. It is believed.

Mrs. Brannan told who she believed fired the shots, but no warrant has been issued and no arrest has been made.

Meager details of the shooting were told by Mrs. Brannan, who was weak from her wound and the shock. Her father was unable to talk. Mrs. Brannan said a man jumped from behind a coal bank, beside the road, where he had been hiding, and fired at them without warning or an opportunity to defend themselves.

First aid was rendered Mr. Collins and Mrs. Brannan by neighbors into whose house they were taken. Later in the evening they were removed to their home. At midnight both the victims were still alive, but very low.

It is said that a brother of Mrs. Brannan will swear out a warrant to-morrow. In the meantime search is being made for the alleged assailant in West Virginia.

FIREMAN IS MISSING.

Ashland, Ky., March 27.—No word has been received from City Fireman Nelson Jackson, who has been missing from his home and the central fire station since two weeks ago Friday, when he secured a leave of absence for three days to go to West Virginia to try and secure the release of his brother-in-law, Sherman Hood, from the Moundsville penitentiary. After Jackson left the fire department the papers he intended to take with him were found in a drawer at the fire station. Jackson also left his pay behind, and this has been turned over to Mrs. Jackson.

TWENTY-THIRD CHILD.

Mr. and Mrs. Chas. A. Simpson, of Cemetery Lane, are rejoicing over the arrival of a 11 1-2 pound boy, whom they have named Charles Fisher Simpson. This is the twenty-third child born to this household.—Ashland Independent.

CORSET DEMONSTRATION.

Miss Edwina M. Myers representing the celebrated Gossard Corsets will give a demonstration of latest 1916 models at Pierce's store Friday, March 31. The ladies of Louisa and vicinity are most cordially invited to attend.

BORDERLAND FIRE.

The fire which occurred at the Borderland Coal Co.'s No. 2 plant yesterday proved to be one of the most disastrous mining fires that this coal field has ever witnessed. The fire broke out in the tippie shortly afternoon and had gotten under considerable headway before being discovered. A large crowd of men soon assembled and the fight to extinguish the flames began, but it proved to be a losing fight. The flames gradually extended and from the tippie they soon spread to the electric power house where the vast and costly electrical machinery, together with the building, was entirely destroyed.

When the flames once got into the chute through which the conveyor runs from the Kentucky to the West Virginia side, a heavy draft drew the fire furiously to the Kentucky side and for a while threatened the powder magazine located near the incline on the Kentucky side. The fire destroyed the incline up as far as the first headhouse. The commissary, located on the West Virginia side, is some distance from the tippie and escaped.

While the loss is close to \$75,000, it is almost entirely covered by insurance which we understand was placed thru a local agency. It is expected that the Borderland people will begin the rebuilding of this plant at once.—Williamson News.

THREE ARE DEAD IN EXPLOSION AT KIMBALL.

Bluefield, W. Va., March 28.—Three men were killed and twenty injured by an explosion today in the mine of the King Coal and Coke company at Kimball, W. Va. A number of the injured were burned beyond recognition and their condition is critical. The dead were W. C. Mann, white miner, and Wm. Abbott, slate foreman, and James Tucker, both colored. The explosion which was believed to have been caused by a shot from the solid was confined to a small area so that the mine was not seriously damaged. The injured were taken to the Miners' state hospital at Welch, eight miles from Kimball. The mine was opened in 1895 and employs several hundred men.

A fire followed the explosion but this has been extinguished and the mine thoroughly explored. When the explosion occurred the general manager was in Bluefield attending a meeting of mining men. He returned to the mine on a special train, taking the necessary men and supplies with him and picking up the state mine inspector and physicians.

PREACHING AT CHRISTIAN CHURCH.

Rev. E. V. Cole, Supt. of the Pan-American Mission, will preach at the Christian church Sabbath at 11 a. m. Evening 7 p. m. Subject of the morning sermon will be "Looking unto Jesus." In the evening Mrs. Cole will also give some account of her mountain mission work in various parts of West Virginia and Eastern Kentucky. Everybody invited.

VANSANT REPORTED TO BE IN THE RACE

FOR CHAIRMAN OF THE DEMOCRATIC STATE CENTRAL COMMITTEE.

Ashland, Ky., March 28.—Rufus H. Vansant will be a candidate before the Democratic convention in Kentucky for position of chairman of the Democratic State Central Committee, and if elected, as his friends believe to be certain, will devote the same energy to pulling the party together and carrying it to success that he showed in '91, when he took hold of a disorganized party and carried the Democratic State ticket, headed by Gov. McCreary, to victory by a majority of 31,000.

This announcement, which will excite interest in every part of Kentucky, was given out by various of Mr. Vansant's friends, who called upon the Eastern Kentucky capitalists and business men, Monday evening. Mr. Vansant himself would make no statement other than it had been represented to him so strongly that, by taking this position, he could save the State electoral vote to President Wilson, that it would be hard for him to refuse. Mr. Vansant's friends consider the matter as settled and are already in correspondence with Democratic leaders in every county in the State.

Mr. Vansant, it is understood, will enter the race determined not to accept any political office himself and equally anxious to rid the Democratic party of factional disputes and put it in shape to win by deserving party success. The requests that he take the race have come to him from so many different elements inside the Democratic party, that Mr. Vansant is satisfied conditions are such that a large majority of Kentucky Democrats believe he can lead the party to success and that success may not otherwise be possible.

CHARGED WITH HOUSEBREAKING

Arthur "Fuzzy" Workman was arrested Wednesday night charged with breaking into a barn and taking therefrom some harness, property of D. J. Burchett, Jr. On Thursday in County Judge Clayton's court Workman waived an examination and the date of trial was committed to jail to answer the charge at the April term of the Lawrence Circuit Court. The arrest was made by Marshal Smith.

WEST VIRGINIA ITEMS OF NEWS.

Ministers Rescue Girl From Tribe.

CLARKSBURG, W. Va., March 23.—Rescue by ministers and police from a band of gypsies, who have been quartered here all winter, Annie Awfranjio, a fifteen year old Brazilian girl of Chicago, was started for that city today while the gypsies, not aware of the fact, were searching the city for her and offering money rewards for information regarding her. The ministers and police who started the girl for her home said that she told a story of being kept a prisoner under threats of death and had been affianced to one of the gypsies.

Mortgage For \$15,000,000 Is Recorded.

CHARLESTON, W. Va., March 24.—A first mortgage of the United Fuel Gas company to the New York Trust company trustee, was filed in the county clerk's office yesterday involving a loan of \$15,000,000, for the "acquisition of property and construction of improvements." The instrument is dated January 1, 1916, and consists of 170 printed pages. The fee for recording the same was \$55.

About 40 leases of oil and gas and from as many different persons to the Ohio Fuel Oil company were filed in the clerk's office for recording.

A large amount of holdings by the Kanawha Gas company was transferred to the United Fuel Gas company for one dollar and other considerations. Leases for a large amount of holdings in Putnam and Kanawha counties were filed by the Poca Coal Land company to the Ohio Fuel Gas company.

OBITUARY.

The deceased, Margaret Louisa Auxier Chambers, daughter of Samuel and Agnes Wells Auxier, was born Feb. 11, 1839, at the mouth of John's creek, East Point, P. O., Johnson-co., Ky., and departed this life Feb. 26, 1916 at her home near the mouth of Rum creek, Logan-co., W. Va., where she has resided for over 60 years. She died in a good old age, being 77 years, 15 days of age at her death. She was united in the holy bonds of matrimony to Lorenzo Dow Chambers at her home at the mouth of Johns creek, (Rev. Littleton officiating), May 2, 1855. To this union was born 7 boys, Samuel Edward, James L., Floyd B., Otis B., Gaylen, Charley Auxier and Lorenzo Dow, Jr. Three preceded her to the spirit land, Floyd B., Jan. 6, 1867, Gaylen, July 3, 1890, Otis B., March 17, 1912.

There were born to this union six girls, Hulda A., Augusta, Geneva, Agnes, Louisa and Cora E., two having preceded her to the spirit land. Hulda A., Nov. 20, 1894 and Geneva, Jan. 8, 1903.

She leaves to mourn their loss her aged devoted christian husband, four sons, four daughters, 48 grandchildren and 51 great grandchildren, a brother,

James K. Polk Auxier, of East Point, Ky., and a multitude of life long friends. Soon after her marriage she came to her home at the mouth of Rum creek, Logan-co., W. Va., where for more than 60 years she battled the fight of life many times amidst great excitement, some times with wild beasts and some times in the midst of the terrors of war. She at the same time was fighting another fight, that of right against wrong. She was a life long Methodist, having joined the M. E. Church, South, soon after her marriage and continued her membership to date of her death. She kept abreast of the times, having received one of the church organs from date of its publication, viz:

The Central Methodist. She was dedicated to God when but a child and after becoming aged her mother could not remember the preacher who baptized her, therefore she became dissatisfied with her baptism and on Jan. 10, 1916, four were called to her bedside, and reading parts of scripture and prayer and further exhortations she desired baptism anew and she was there and then dedicated to God by our office and ministry. I was again at her bedside, she was confined in her faith and hope and from the time we began to read and pray she began to pray to the Lord to relieve her of her pain and toil. Jesus heard her prayer after the long day of toil and relieved her of pain and labor yes, the pain of ever seeing any more of her loved ones suffer. She now awaits the great judgment of the tomb, and may we all say with Lord Byron:

Servant of God well done!
Thy glorious warfare is past,
The battle fought the race is won,
And thou art crowned at last.
Here in an inn a stranger dwelt,
Here joy and grief by turns she felt.
Poor dwelling now we close the door—
The task is o'er.
The sojourner returns no more,
Life's labor done as sinks the clay,
Light from its load the spirit flies,
Where heaven and earth combine to say,
How blest the righteous when he dies.
"So when life's sweet journey ends
Soul and body part like friends—
No quarrels, no murmurs, no delays,
So let not your hearts be troubled—
Believe in God, believe also in me.
In my father's house are many mansions,
I go to prepare a place for you;
and if I go I'll come again that where I am ye may be also."

YATESVILLE.

Lige Rupe and Ed Ramey have returned from West Va., with a nice drove of cattle for grazing the coming summer.

Gene Queen of Lower Cat was here during the past week and bought a nice bunch of hogs from our local stock merchants.

The drilling of well No. 5 on the land of William Savage is now in progress and is down several hundred feet. The John Yates well and the widow Lackey well have been shot since our last report and the showing of each well is good. We are informed that as soon as well No. 5 is completed on Mr. Savage's land another one will be started. It is said that the Big Blaine company is aiming to drill up their territory as fast as possible.

Died, on the 23rd inst., Benjamin Burchett, leaving a wife and several other near relatives to mourn their loss. Mr. Burchett was one of Morgans creek best citizens and was much beliked by all his neighbors. The burial services were conducted by the Rev. Harvey.

Our people met and organized a Sunday school here on Sunday evening.

Blaine Ball has moved into his new residence and Curt Ramey has moved into the house vacated by Ball which house is on the Meredith Layne farm (now) the property of A. O. Carter and George R. Vinson.

At this writing we are having lot of rain and Blaine creek is on a rampage. COUNTRY GREENHORN.

Miss Nell Duncan and Mr. Gus Wells were the pleasant guests of Miss Vada Watson Saturday evening.

Miss Grace Vanhoush attended church at Concord Sunday.

The revival that has been going on for the past two weeks at the Baptist church closed Sunday night.

Tom Watson will leave Sunday for Matewan, W. Va., for a short visit with his sister, Mrs. Howard Adams.

Mrs. Joseph Hickman has returned home after a pleasant visit with friends in West Va.

Mr. and Mrs. John McCourt made a trip to Jackson, O., last week.

Representative Wm. M. Webb, of Johnson and Martin counties, has returned home.

Mrs. A. K. Jones has returned home from Richardson, where she has been visiting her little grandson, who is very ill.

Mrs. Ridda Mayo, of Prestonsburg, was visiting in Van Lear Monday.

Geary, Okla., March 14, 1916. Big Sandy News, Louisa, Ky.

We are readers of the NEWS and greatly enjoy reading it, especially the news from upper Blaine where we were raised, and from whence we came several years ago. We do not remember having written a letter from this country and we do not wish to burden the Ed. or its readers with a long letter this time, but inasmuch as we appreciate reading letters from the country of our childhood we think others would not doubt likewise appreciate reading letters from us.

We are located a little west of the center of the state at Geary, a thriving small city, new but rapidly increasing, and growing into an active business center. We are in the center of a very rich agricultural district where bountiful crops are raised. We had a bumper crop last year and understand from state authorities that crops were generally heavy last season the state over. The present prospect for wheat and all small grain is very flattering, great fields of wheat and alfalfa are furnishing excellent winter and spring pasture. Large herds of cattle and horses can be seen in all parts of the state grazing on these staple crops all winter long with but little feed.

The climate is very mild but continental and seldom reaches the zero mark during the winter, and blizzards and cold snaps are of very short duration.

Our town is at present in the throes of a great revival meeting, conducted by the great southern evangelist, Locket Adair, whose labors have awarded him an enrollment of more than 400 new converts.

We are not interested in the little skirmishes over on the Black Sea—the Bosphorus or Ladz but the news from our old country home. Let us hear from others through the columns of the NEWS and we may write again.

Yours very truly,
P. H. PRINCE,
Geary, Okla.

SALYERSVILLE.

Floyd Lykins and Grant Hammonds, of Magoffin Institute spent Sunday with home folks.

Judge M. F. Patrick will move to town this week in the property he has recently purchased of Calloway Marrens. Mrs. Patrick, who has had pneumonia, is much improved and will be able to come to her new home.

Several of the boys of Magoffin Institute, are leaving school to work on the farm.

William Salyers has recently purchased a fine pair of black horses of a Mr. Risner, who is moving to Texas.

Judge W. J. Patrick is preparing to construct a stone building for a store at the same place he is now selling goods.

Joe Arnett, one of Magoffin county's best teachers, was in town Saturday.

E. D. May has been very sick for the past week.

Morgan Cooper, who has been out of school for a few weeks, came in again this week.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

A LONESOME KIDDO.

Paola, Kans., March 15, 1916. Editor Big Sandy News:—

Enclosed find one dollar to continue my subscription for your paper. I am glad to read of the rapid development of my old home state. I hope to meet many of my old soldier friends of the 14th, 39th or any other regiment of the State at the National Reunion of the Old Soldiers at Kansas City, Mo., this fall—Maj. D. J. Burchett, Capt. Milt Atkinson, Corporal George W. Yates, Corporal Murry, Robt. Young, or any one else that I know. Mrs. Kate McGuire Preese with all the lady friends that my good wife and I were acquainted with. We expect to have a fine entertainment. Kansas City is a fine city and will give all a royal welcome. Come and see us; one and all. I live 43 miles south of the Frisco railroad.

Yours respectfully,
J. C. COLLINS.

Who would have thought that the tin can is a menace to the public health? The expert malaria investigators of the U. S. Public Health Service have found however that discarded tin cans containing rain water are breeding places for the mosquito which is the sole agent in spreading malaria. A hole in the bottom of the empty can might have resulted in the saving of a human life. Certainly it would have assisted in preventing a debilitating illness. Empty tin cans have no business about the premises anyway, but we must so decorate our back yards, let's see to it that the can has a hole in the bottom.

SAVE YOUR OLD RAGS AND YOU'LL GET RICH.

Washington, March 13.—Shortage of paper stock in the United States was discussed at a conference to-day between Secretary Redfield and Charles A. Holder, of the Foreign Trade Adviser's Office. France's embargo on the export of rags has caused many American manufacturers to fear they may have to curtail the production of their mills.

The Department of Commerce recently appealed to housewives to save old papers and rags. To-day the department began sending out 1,000,000 circulars to be posted in post-offices and elsewhere throughout the country urging that papers and rags be saved.

A CHILD GETS CROSS, SICK AND FEVERISH WHEN CONSTIPATED

LOOK, MOTHER! IF TONGUE IS COATED CLEAN LITTLE LIVER AND BOWELS.

If your little one's tongue is coated, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine made by "California Fig Syrup Company."

FINED FOR REBATING.

Princeton, Ky., March 8.—A jury in Circuit Court here assessed a fine of \$200 in each of two cases against the Central Life Insurance Company, of Lexington, for the alleged granting of rebates in selling life insurance in this county. Penal action was instituted in the Caldwell Circuit Court in February, 1914, against the company and its agent, James R. Sabiston, charging re-

bating in violation of the law governing the writing of life insurance. The case against Mr. Sabiston was dismissed.

Tobe W. Pauley, one of our prominent Pike county young men, leaves tonight with his family for Chehalis, Wash., to make that their future home. Mr. Pauley has spent several previous years in that part of the country and claims it to be a very prosperous state with an excellent future. Mrs. Floyd Burris and family also accompany them to join Mr. Burris, who is now located there.—Williamson (W. Va.) News.

How Machines do Our Shorthand, Our Bookkeeping, Our Adding, Our Typing, Our Talking,

No hand work can be as accurate as Machine Work.

Our Shorthand Machine—the Stenotype prints shorthand in just the same letters you learned when you were six years old. No hieroglyphics—just plain A, B, C's, which anyone can read.

Have you seen it? Well you have something of interest still to see. Make your mind up to look into this little device to-day. It will pay you to do it.

Don't stand still. Don't go backwards. Remember what you said about the Adding Machine, a few years ago.

Write us about your wishes, your ambitions. You will not be the first boy or girl, by many hundreds we have helped solve the problem of "How to make a living."

Are you thinking of training for a profession or a trade?

We used to say "The quickest way to success in any profession is learning Shorthand." We still say so, but by all means learn it the "Machine Way."

Our School has added Shorthand Machines just as we added, years ago, Typewriters, Adding Machines, Mimeographs. (And we have not forgotten to keep them MODERN), etc., because the Public demands new and up-to-date facilities for making the busy man's work easy.

Modern Bookkeeping is very little like what it was thirty years ago.

Cheerfulness.

A woman whose life has been made of sorrow and pain, but who always appeared cheerful, explained to her friends: "You know I have had no money; have had nothing I could give but myself, and so I made a resolution that I would never sadden any one else with my troubles. I have laughed and appeared cheerful when my heart was breaking. I have always smiled in the face of every misfortune. I have tried never to let anyone go from my presence without a happy word or a bright thought to carry with them. And happiness makes happiness. I myself am happier than I would have been had I sat down and bemoaned my fate."

No one can estimate the worth of the cheerful woman; the woman whose cheerfulness is not affected by dark days or little disappointments, or whose kindness does not become rancid in the midst of prosperity. The magnetism of the cheerful woman's smiles and bright eyes infects every one in the darkest hours. Her husband goes to the store, shop or office feeling that he can contribute himself, heart and soul to build himself into the temple of human society. The cares of the day worry him, but the thought that "at home I shall find peace," renews his strength and energy and he can endure to the end. The cheerful mother sends her children to school with the sense of something to be won, a work to be accomplished, and they do not find it very difficult to be brave, truthful, courteous and just, obedient to teacher, kind to schoolmates.

The sweetest wives are those who possess the magic secret of being contented under any circumstances. Rich or poor, high or low, it makes no difference; the bright little fountain of joy bubbles up just as musically in their hearts. Do they live in a log cabin? The fire on its humble hearth becomes brighter than the gilded chandelier in an Aladdin palace.

There is a demand for good boys. The boy who is honest, earnest and industrious, will not be long out of a job. There are lots of prosperous business men, merchants and mechanics, who are constantly on the lookout for good boys. They do not look for them in the streets, however, but in some sort of employment. They have no use for an idle boy. He is too apt to make an idle man.

A happy fireside is better than a big bank account.

There is more sunshine in life to the minute than there is misery to the mile. But after all it is just the way you look at it.

One of the most important things that a man owes to his family is cheerfulness. He should cast all trouble away when he comes to his home.

If you scar a sapling the tree will tell the tale; so if a child is subjected to improper influence and examples the scars will remain and his life be blighted by it.

A cheerful atmosphere is important to a happy home life. It is hard for children to be good when they are exposed to an incessant hail storm of fault-finding from their parents. It is very difficult for a wife to maintain a calm and charmingly sweet demeanor when her husband is critical or sulky, and takes all her tender efforts with difficult appreciation.

When one is inclined to worry, the remark of an old lady should be recalled: "Yes, dearies; I've had an awful heap of trouble in my time and most of it never happened."

A happy home is the brightest spot on earth that the eye of God looks down upon. Love and peace in his home sends sunshine around the man wherever he goes; disorder and trouble there is misery everywhere.

You will often advance your interests more by spending a social evening in a respectable family, than you will by sitting in your room and pouring over your money matters, or writing a whole package of business letters.

If a child is brought up in the constant exercise of courtesy toward brothers and sisters and playmates, as well as toward parents and uncles and aunts, it will have little left to learn as it grows older.

There is many a good wife who can't sing, play the piano or dance well.

Character makes the man; character plus culture makes the gentleman and the true gentleman is the real nobleman of this world. Culture is the rose on the breast of character. Wear it that you may make life not only useful and honorable, but high, sweet and helpful, noble and divine.

The home where Good Morning! and Good Night! are carefully said by one to another, are the homes of the world where good thoughts have place, and from whence go out good lives.

OUCH! ACHING JOINTS, RUB RHEUMATIC PAIN

RUB PAIN RIGHT OUT WITH SMALL TRIAL BOTTLE OF OLD "ST. JACOB'S OIL."

Rheumatism is "pain" only. Not one case in fifty requires internal treatment. Stop drugging! Rub soothing, penetrating "St. Jacob's Oil" right into your sore, stiff, aching joints and relief comes instantly. "St. Jacob's Oil" is a harmless rheumatism liniment which never disappoints and can not turn the skin.

Limber up! Quit complaining! Get a small trial bottle of old, honest "St. Jacob's Oil" at any drug store, and in just a moment you'll be free from rheumatic pain, soreness and stiffness. Don't suffer! Relief awaits you. "St. Jacob's Oil" is just as good for sciatica, neuralgia, lumbago, backache, sprains.

BIG LAUREL CREEK

On Saturday evening, March 11, 1916 the shadows of night were gathering found a host of friends and relatives of aunt Rinda Maynard assembled around her bedside awaiting for the last summons to come and call her home. She had been in ill health for quite awhile and as weeks and months passed away she grew weaker, and at the closing of the day her spirit took its flight to the haven of rest. Aunt Rinda was a good woman and loved by all who knew her. She leaves husband, four sons and two daughters. Thank God she has gone to meet her dear ones and we believe that when the dark shadow of death covered her

face and when she left us she was received into the arms of the Savior where she was borne safely home to live with her loved ones. Children do not weep for mother for you know she is at rest. The old home looks lonely and sad since we cannot see aunt Rinda there. We have lost our darling mother. She has bid us all adieu. She has gone to live in heaven and her form is lost to view. Services were conducted by Revs. Nelson Hughes and J. W. Hall. She was laid to rest near her home. A large crowd attended the funeral and paid the last tribute to the one they loved. E. S.

CLEANSER YOUR HAIR MAKES IT BEAUTIFUL, THICK, GLOSSY, WAVY

TRY THIS! ALL DANDRUFF DISAPPEARS AND HAIR STOPS COMING OUT.

Surely try a "Danderine Hair Cleanser" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

FEARS BROTHER, MISSING WEEKS, HAS BEEN SLAIN.

The local police department was yesterday asked to search for Earl Heiser, 23, a Norfolk & Western machinist, who disappeared on February 25 from Iaeger, W. Va. Deward Hiser, a brother of Prudence, Fayette-co., and J. W. Russell, a brother-in-law came to the local police station and asked that the department use its best efforts to find their kinsman.

Deward Hiser stated that the last reports were that his brother left Iaeger on a Norfolk & Western passenger train and had \$200 in his possession. It was feared in consequence that his brother might have met with foul play he said. Telegrams and messages have been sent to various places where it is supposed Hiser might have gone but most of these inquiries have proved fruitless.

Hiser, according to his brother, had been working in the Norfolk & Western shops at Bluestone Junction about twelve miles north of Bluefield. From Bluestone Junction he went to Iaeger and thence to Berwind, returning to Iaeger, on the main line, on February 25. He was seen on the morning passenger train and had to pass Kenova, but where he alighted is a mystery to his relatives at least.

The missing machinist had been writing regularly to his father and mother, Mr. and Mrs. Charles W. Hiser, at Victor, Fayette-co., and when, after announcing that he intended to come

STOMACH ACTS FINE! NO INDIGESTION, GAS, HEARTBURN, ACIDITY

"PAPE'S DIAPEPSIN" FIXES SICK, SOUR, UPSET STOMACHS IN FIVE MINUTES.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you must injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain, unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it hand—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them, if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.

A GOOD WOMAN.

Busy at her work all day.

Never asks a cent of pay.

Thinks it ought to be that way—

Thank the Lord for Susan.

Singin' when she wants to sing.

Like the robins in the Spring;

Scoldin' some like everything—

Thank the Lord for Susan.

Always ready, day or night;

Always willin'—she's a sight

When it comes to doin' right—

Thank the Lord for Susan.

Me and seven children's what

She looks after, sick or not,

And she's "Mother" to the lot—

Thank the Lord for Susan.

Goes to church on Sundays, too,

'Long with all she's got to do;

It's her that's goin' to pull me thru—

Thank the Lord for Susan.

In her hair is streaks of gray,

And the crows' feet's come to stay,

But I like her best that way—

Thank the Lord for Susan.

Made of consecrated clay,

She sits better every day—

Thank the Lord for Susan.

—W. J. Lampton.

OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's.

ANNOUNCEMENTS.

WM. TAYLOR, of Glenwood, announces that he will be a candidate for Sheriff of Lawrence county, subject to the action of the Democratic party in the next primary election at which candidates for Sheriff are to be nominated.

We are authorized to announce Congressman **W. J. FIELDS**, of Carter-co., as a candidate for re-election, subject to the action of the Democratic party at the primary to be held in August, 1916. Your support is respectfully solicited.

We are authorized to announce **S. S. WILLIS**, of Ashland, Boyd county, is a candidate for Judge of the Court of Appeals from Seventh Appellate District, subject to the action of the Republican party at the primary to be held August 5, 1916.

We are authorized to announce **LAFÉ WALTER** as candidate for County Judge of Lawrence county subject to the action of the Republican party at the next primary at which the candidates for this office are to be nominated.

Friday, March 31, 1916.

The job creating a new judicial district and crippling two others became a law without the Governor's signature.

Up to this time there are two State Senators in the race for Congress in the Ninth district. Neither of them opposed or voted against the bill that so unnecessarily buried Lawrence, Carter and Elliott in a Republican judicial district. Why should we worry about these gentlemen?

"Senatorial courtesy," (the euphonious term for Senatorial rot) is the flimsy veil behind which the sinning members of the State Senate think they are safely hidden when a job is put over by a member of that body. There "aint no sich animal" except when there aint no other excuse.

Section four of the bill appropriating \$5,000 for two years to the illiteracy commission was vetoed by Governor Stanley but the appropriation was approved. Section four provides for printing and office supplies for the department. This was the only bill vetoed by the Governor, the others all being signed.

Former Senator Burton has also opened his campaign for the Republican presidential nomination. Like both Root and Lodge he based his plea on no merit of his own, but upon a sweeping attack on President Wilson's foreign policy. And it was not unbecoming that the particular place selected by Brer Burton for his bazoo was Kal-amazoo.

China, at the latest report received, was again a republic, the ruler having switched back again from a monarchy. He served as president of the republic a few months, then got out the old crown and put it on, declaring the form of government changed back to that used for four thousand years. Somehow it didn't fit so well as formerly and he took it off and kicked it around. Now a lot of the officials and citizens of China want to kick out President Yuan Shi Kai and exile him. They demand that his descendants for three generations forfeit their rights of citizenship. Here's hopin' they will fire him. Any old nutt who is so reckless with forms of government as to change the whole business over night ought not to be allowed to run at large.

The people who, for two or three years, have been howling for the United States to jump into Mexico and clean her up have no conception of the task they are cutting out for our soldiers. At Washington the officials know all the difficulties. They have full information about Mexico and Europe. There is a vast amount of ignorance on the part of a great percentage of the people on these foreign matters, and this ignorance causes them to advocate action that they would not stand for if they knew the real conditions.

As an illustration of what it means to go into Mexico we publish the following simple story told by one of the soldiers who went from Columbus, N. M., on the present expedition in pursuit of Villa:

El Paso, Texas, March 22.—The first story of the hardships suffered by the American soldiers in their march across the Chihuahuan desert was told ere tonight by Sergeant W. P. Harrison of the Thirteenth Cavalry. Sergeant Harrison told his story propped up in bed in the hospital where he was taken on his arrival here suffering from dysentery.

"There was not any cheering when we went in," he said. "Everybody was serious and not much was said. There was not a breath of air and the dust hung over the road like a curtain. The alkali got into our eyes and down our throats, it sifted into our shoes and through our clothing. The sun beat hotly down upon us. We put wet handkerchiefs in our hats, but it did not help. Many of the men were half blind by noon.

"When we got to Las Palomas we went right through the street. There was not a soul in the whole town. I was weird. We heard some ducks quacking and saw some goats but not a human being. At the next town, Boca

Gradne there were three peona setting in the sun. The rest of the place was like a grave.

"Just outside of Boca Grande we found the body of a cowboy who had been killed by Villa on his way to Columbus. We did not have time to bury the poor fellow. Everybody swore under his breath as we passed. Later some of the Sixteenth tried to bury him.

"During the marches the boys stopped ten minutes every hour for rest. When the word was given they dropped in their tracks in the road. No stop was made for dinner. It was just one steady hike from morning until we reached the camping place.

"We got no water from Columbus to Boca Grande, 31 miles. The water in my canteen got so hot that I could hardly drink it. Most of it I poured on my head to stop the headache.

"We passed through Colonia Diaz, one of the Mormon settlements. There was not a human being there. Cherry trees were blooming and the alfalfa was knee deep. The roofs of the houses were burned and the windows were all broken. We got some water out of an irrigation ditch. That it, what fixed me. It gave me dysentery.

"There are a lot of fellows who are sick but they are afraid they will be sent out so they hold on long as possible."

RICHARD WARD INSTANTLY KILLED.

Shot Down On The Streets of Thacker on Last Thursday.

Richard Ward, aged 24, was shot and instantly killed last Thursday at Thacker by Frank Martine, a well known Italian. Ward, whose home was at Inez, had been away from Thacker for several days and had just alighted from a train when Martine walked up behind him.

It is stated that after striking Ward several times with his weapon Martine fired two shots. Ward was hit in the head, the bullet passing through the brain and causing instant death.

Martine escaped into the mountains and Sheriff Hatfield organized a posse composed besides himself of Chief Rush Slater, of the Williamson police force, Wallace Chaffin, L. W. Clark, John B. Maynard, A. A. Gault, Albert Hatfield, A. B. Hatfield, J. O. Young and L. T. Hensley to hunt him down.

It was thought that Martine had taken refuge with friendly families on the Kentucky side of the river but no trace of him could be found. Later another posse composed of John B. Maynard, Hyman Crigger, I. W. Clark, Albert Hatfield and John Stevens, of Matewan, searched for Martine on Peter creek.

It is now believed that Martine after hiding in the mountains returned to the railroad and made good his escape.

It is alleged that Martine was jealous of Ward, the woman in the case being a resident of Thacker—Mingo Republican.

BRING IN WELL ON THOMPSON TRACT.

Joseph E. Thompson returned yesterday from Lawrence-co., Ky., where the Big Blaine Oil & Gas company, in which he is interested, has just brought in a 7-barrel oil well. The field is now producing about 45 barrels, and before the end of the present summer drilling operations now under way and in contemplation will bring the total up to 100 barrels, Mr. Thompson said. The company controls about 1,700 acres.—Herald-Dispatch.

REGULAR SERVICES NEXT SUNDAY.

KILLED BY TRAIN.
Olive Hill, Ky., March 28.—Luther Bennett, 15 years old, attempted to board a freight train at Aden, this county, this afternoon, and was killed.

100 INDICTMENTS RETURNED.

Paintsville, Ky., March 27.—After a two-weeks' session, the Johnson county grand jury, which has brought in 100 indictments, was dismissed to-day. This is the largest number of indictments returned in this county in many years.

OVERLAND CARS RECEIVED.

A car load of Overland automobiles has reached Louisa to be sold. This popular car will no doubt find a ready market here. They may be purchased from either E. E. Shannon or Augustus Snyder.

WILLARD REMAINS CHAMPION.

New York, March 25.—Jess Willard is still the heavyweight pugilist champion of the world. In ten rounds of fast fighting he defeated Frank Moran of Pittsburgh here tonight on points.

A crowd of about 13,000 persons paid approximately \$150,000 to see the fight and went away apparently satisfied with the result. It was the greatest gathering Madison Square Garden had ever seen. Many women were in the throng.

Willard broke his right hand in the third round but blows from his fighting left kept Moran at a distance. Moran's best round was the third and his worst probably was the seventh. He was bleeding after the fifth round, and his left eye was almost closed at the end.

DIES SUDDENLY.

B. L. and Ben Burk of Watts, Ritter and company, left yesterday for Pittsburgh in response to a message announcing the sudden death of their mother, Mrs. Elizabeth Burk. Mrs. Burk was a member of a family well known in the Tri-state region. She was the daughter of the late Edmund Smith of Catalpa. She leaves a number of relatives in Huntington.—Herald Dispatch.

UNITED FUEL GAS COMPANY REORGANIZED.

Seven million and eighty-seven thousand dollars was the consideration in a deed of the United Gas company, a West Virginia corporation, to the United Fuel Gas company, involving the transfer of several hundred acres of land in Kentucky, West Virginia and Ohio, more than 800,000 acres in oil and gas leases, about 450 miles of gas pipe line, fifty-four gas plants, and

franchises and contracts filed in the office of County Clerk.

A mortgage of the United Fuel Gas company to the New York Trust company, shows the authorization by the gas corporation of \$15,000,000 bonds, \$5,087,000 to meet the obligation of the deed, and the remainder for improvements and extensions to the United Fuel company's Kentucky, West Virginia and Ohio holdings.

It is rumored that in the neighborhood of one million dollars will be spent in Kentucky, West Virginia and Ohio this year on new lines, stations, leases and purchases of land.—Herald-Dispatch.

COMPTON-FINNEY.

Burns, the 22 year old son of Mr. and Mrs. Ed P. Finney and Miss Pearl Compton, a charming young woman of Buchanan, slipped quietly to Ironton yesterday and were married, much to the surprise of their parents and friends. The young lady came to Ashland Tuesday, presumably to shop, and visit at the home of her uncle, John Compton and Mr. Finney, who lives at the home of his grandmother, Mrs. Finney at Burnaugh, came down yesterday to visit his parents here, and later joined the young lady and they boarded a car for Ironton and were married. The bride returned the same day to her home at Buchanan, where she is a teacher in the schools and the groom returned to Burnaugh yesterday, after apprising his relatives of the wedding. They are a highly respected young couple and the independent wish es them a long life of usefulness and happiness.—Ashland Independent.

SPRING SUITS

in their clever colors, their combinations, dashing lines and smart simplicity.

Such a generous selection, too—one's fancy can have full away in choosing, not only in the variety of styles, materials, colors and trimmings, but a combination of all these in the one creation of your choice—Gabardines, Serges, Wool and Silk Poplins, Shepherd's Plaid, Taffetas, Whipcords—and of these, it would be hard to say which is most favored.

Wonderfully Elaborate Trimmings On Most Models

Some with collars and cuffs of Faille Silk in beautiful contrasting color, others with brightly colored leather trimmings, while many depend upon silk braids and fancy buttons for their decorations.

Flaring Coats, a Feature of the New Models

—With the peplum and cascade effect on side of skirt, two of the most noted style features. Again the silhouette becomes another of the most important styles, with inconsistencies, that give a charming, daring chic, the effects date back to 1840.

SURELY THESE MOST FAVORED SPRING STYLES WILL DELIGHT YOU—TO TELL YOU THEY ARE BEAUTIFUL IS NOTHING—THEY ARE LAVISHLY BEAUTIFUL—AND WE ARE SURE THEY WILL APPEAL INSTANTLY TO YOU, IN YOUR SEARCH FOR "INDIVIDUAL" STYLE.

ECHOES FROM FORT GAY.

FORT GAY HAPPENINGS ALWAYS INTEREST OUR READERS.

After reading of so many people in our town who have been cured by Doan's Kidney Pills, the question naturally arises: "Is this medicine equally successful in our neighboring towns?" The generous statement of this well known and respected Fort Gay resident leaves no room for doubt on this point.

Dr. R. Frasher, Fort Gay, W. Va., says: "The residents of this vicinity suffer considerably from kidney and bladder complaint, due to the poor quality of drinking water. I have found Doan's Kidney Pills to be the one medicine that can be depended upon for relief. It has been my experience that all ailments caused by weak kidneys, such as irregular passages of the kidney secretions, gravel, dropsical swellings, lumbago, pains in the back and hips, etc., can be removed by Doan's Kidney Pills. A few doses of this medicine taken immediately when the

trouble is noticed, will save much misery."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Dr. Frasher had. Foster-Milburn Co., Props., Buffalo, N. Y.

Fort Gay, W. Va., Feb. 8, 1916.

I was treated for Cancer 40 days by one of the best doctors in the country and got no relief, then I tried doctoring with H. Huff. He took my cancer out and I was well in 30 days. That was Oct. 1914. He has cured 6 others I know, besides others I heard of and he will cure you if you have cancer. Give him a trial.

Yours respectfully,
I. M. LESTER.

Huntington, W. Va., Sept. 1, 1915.

To whom it may concern, and it should concern every person that has a cancer: I speak from experience no person need fear to have Mr. H. Huff, of Fort Gay, W. Va., treat their cancer. I had a rose cancer on my temple about 6 in. circumference. How it over the surface, the edges rolled over my cheek. Mr. Huff treated it last April and I am happy to say it is all gone, cured sound and well. He has the remedy and knows how to use it. I am now 73 years old. I would advise all persons having cancer or symptom of cancer to have it treated at once. It is easier cured and saves a great deal of suffering and the danger of its being absorbed in the blood. mh24-lmo. G. L. WHEELER.

Cheap and big can Baking Powders do not save you money. Calumet does—it's Pure and far superior to sour milk and soda.

LUKE M'LUKE SAYS:

Father has lots of fuses with Mother. But he never fuses with her because she lets him sleep so late on Sunday morning that he is too late to go to Church.

The Curses of Great Wealth are manifold. How would you like to be awake all night worrying because you have to pay an Income Tax amounting to \$50,000 a year?

A Princess has no trouble learning how to operate an automobile. But a washing machine is too complicated for her limited knowledge of machinery.

When a man Buries the Hatchet he keeps on digging it up again to see if it is getting rusty.

A man is real proud of the fact that he can raise a Mustache. But he gets mad all over when he discovers that his wife is raising one.

What has become of the old-fashioned woman who always kept a box of Corn Starch in the bath room?

And if the girls would devote more time to learning how to make good gravy and less time to learning how to Tango, there wouldn't be so many divorces.

When a girl wants a young man to kiss her it makes her mad to imagine that maybe he believes he could kiss her if he wanted to.

Some of these days, when the women quit wearing shoes with heels that are longer than the toes, the men will quit laughing long enough to give the dear things Equal Suffrage.

Why is it that on Sunday morning, when you do not have to go to work, you wake up early and can't get to sleep again, and that on Monday morning you are so sleepy when you wake up that you would give anything to be able to sleep for a little while?

You can't explain it. But some women can wear cheap cotton suits and make them look like Classy Creations from an exclusive tailor. And other women can wear expensive broadcloth suits and make them look like they came from the ten-cent store.

Some men seem to imagine that the only reason why landlords put Bath Tubs in Bathrooms is so the Male Tenants can have something to spit in when they are shaving themselves.

It is none of our business, but a girl who wears angle-length union suits and short skirts should not wear cobweb silk stockings. The union suit is visible beneath the stockings, and the cobweb silk makes the aforementioned union suit look as though it had not seen a laundry since November 1.—Cincinnati Enquirer.

TWO GIRLS.

THE CALL TO BATTLE.

Stand up you men, to be shot down, Nor ask the reason why; The great ones, who depend on you, See fit to have you die.

Small odds to them what comes to you, Or what the reason why; You pay the price of sacrifice, It is not they who die.

What matters it, although you fall They they should stand? 'Tis Fate Apportions what is humble lot

And what is held as great, Your right is human, theirs divine, Which you must not deny;

They drive you into war's red din— It is not they who die.

They call you brave men, tried and true,

Your country's hope and pride; Yet wherein lies for you the prize, When you have bled and died?

Your wives and children, homes and lives

Count little with the high Who send you where death sweeps the air—

It is not they who die, They are the masters who command; Your part is to obey;

What debts they owe you do not know, But what they are you pay.

Stand up, you men, to be shot down, Nor ask the reason why;

The rulers call for you to fall, It is not they who die.

—W. J. Lampton.

BOYD COUNTY BOY

IN EUROPEAN WAR.

For the information of the numerous Vanhose family in this part of the country the NEWS reproduces from the independent following letter from Garfield Vanhose, written from the European seat of war, Garfield is a son of Jeff Vanhose, a former citizen of this city, where he married and served a term as city marshal. He now lives in Catlettsburg:

Le Havre, France, Feb. 23, 1916. To Mr. G. F. Friel, Catlettsburg, Ky.

Dear friend, Mr. Friel, I suppose you will be surprised to hear from me and to know that I am in the British army and to tell you the truth, I often sit down and wonder to myself if I will ever see dear old home again, for Mr. Friel, I have seen things in this war that has made my hair turn gray. You often, if you remember, heard some of our old men at home talk about the battle they took part in in the Civil War, which I dare say, was large enough, but believe me, they could not compare any of them to what we call here a little engagement. I was in three fights here where there were more men lost than in nearly all of the Civil War. The retreats at Mons, Compiègne and Dickey, which, no doubt you have read about in the papers. I don't mean to say that the old boys of the North and South did not go through it, for I know they did and I lay many a night up the line in a trench and heard the Huns working in their trench not two hundred yards away, and told my comrades about my old Kentucky home, and the days I spent in the Philippines, which you know, I wrote you from there. I was in a regiment last winter that was killed out three different times the Third Royal Welch. I was Sergeant bugler of the Third, but now I am in the R. F. A., behind the big eighteen pounders. We got the Germans beat all over the lines, but no one knows when the war will end. It would suit me if it was tomorrow, but as I have enlisted for duration of the war, I must stick it out, trusting I may get back safe. I am only down for a rest here at the base, but will soon go back up again.

I think it is only a matter of time now until the Germans will want peace, which I am sure they will not get easy. There is many an American boy over here in the British army and many a poor fellow will never come back. Many a sad call I have blown over here as you well remember, I was a bugler in the U. S. army and here I am a gunner on a rapid firer, first class. Mr. Friel, if my father, whom I have not heard from for over a year, be living, which I hope and pray he is, and I may live through this war and meet him again, give him my love and any of my friends who would ask about me my best regards. I ask you to put a line in the Ashland paper for me as I have relatives in that region. I don't know their address and it will be a great favor to me. Regards and best wishes to all of old Boyd county and to yourself especially. I remain as ever

RELIABLE REMEDY

RESTORES KIDNEYS.

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is a physician's prescription.

Swamp-Root is a strengthening medicine. Dr. Kilmer used it for years in his private practice. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merits and it will help you. No other remedy can successfully take its place.

Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Louisa weekly Big Sandy News.

How to Recharge Your Battery

Did it ever occur to you that rest is an antidote for more things than every day physical weariness? It is one of the weapons with which a man or woman may fight emotional strains of any kind. And the reason is an extremely simple one. Let us resort to the faithful old device of a diagram.

In the center of the chart suppose we put the word "energy." That is the thing that we have to work with in this life. Now on one side let's write a list of our expenditures—all the things which call for an outlay of energy. In this list is brain work, physical or manual work, emotion and diversion. These are the things that we spend our store of energy for. Every day we spend ourselves either physically, or mentally, or emotionally, or in some manner which may be a combination of any of them and which constitutes our diversions.

So much for the expense account. What shall we put in a list on the other side of the column that we might call income? How, in other words, do we accumulate energy?

Here are some of the ways: "Food," of course, and then "rest," "good air" and some of the other lesser ways which are productive of a renewed sense of energy, such as good grooming and inspiring associations.

And it is pretty true that you may add to your bank account and thus offset any sort of an expenditure with any sort of an income. That is, if we are working hard and playing hard we need a little more fuel in the way of food to keep the supply of energy up to the standard. And so, too, a little added rest will offset not only a physical, but an emotional strain.

Sometimes sleep is a better antidote for suffering than diversion, because diversion, after all, calls for an expenditure of energy, while suffering or an emotional strain of any sort has already taken a pretty full toll of the supply on hand.

Study the chart, then, and learn not only to spend wisely of the things that represent our outlay, but learn, too, to collect generously from those common sources of supply which are open to every one—food, fresh air and rest.

FOR TODDLERS.

Cake Fillings and Icings.

Filling for Orange Cake.—One medium orange, juice and grated rind; two tablespoonfuls butter, one egg, one cupful sugar; beat sugar, orange juice and rind and butter, add beaten egg, cook until it thickens; use cold.

Butter Frosting.—Two cupfuls powdered sugar, two tablespoonfuls milk, two tablespoonfuls melted butter; two tablespoonfuls vanilla; stir until creamy.

Cake Filler.—A good cake filler, easily made, is a cupful of sugar and one half cupful sweet milk; boil until it "hairs;" beat until cold enough to spread.

Lemon Filler.—One egg, well beaten; one cupful sugar, juice and grated rind of one lemon, piece butter size of egg; cook over hot water until thick.

Pineapple Icing.—One and one-half cupfuls of confectioner's sugar, one tablespoonful of shredded pineapple, one half teaspoonful of vanilla, boiling water to make creamy. Spread at once.

Chocolate Icing.—Two teaspoonfuls of cocoa, two tablespoonfuls of hot water. Cook half a minute, cool, add one tablespoonful of milk; stir in icing sugar to the right consistency.

Meat Scallops.

Materials.—Two cupfuls cold roast beef, stale bread crumbs, seasoning, a tablespoonful butter, a tablespoonful flour, a cupful stock or gravy.

Directions.—Mince the meat finely, removing any superfluous fat, and season highly with salt, pepper, a little mustard or horseradish or stock sauce. Blend together in a saucepan the butter and flour, add the stock and when boiling cook for two or three minutes; then put in the meat and mix with this foundation sauce. Turn into greased scallop shells or small individual dishes, sprinkle buttered crumbs over the top and bake fifteen minutes.

Kentuckian Robbed

Lexington, Ky., Feb. 17.—Word reached here that Edward Noland, who recently had been awarded \$11,000 for damages sustained in a railroad accident, had been robbed of almost the entire amount at his home near Eubanks, Ky., last night.

Noland had just collected the money, and after paying his attorney had taken it home with him and placed it under his pillow. He and his family were chloroformed while asleep, the report says.

If he had put his money in our Bank he would not have lost it.

TIMELY SUGGESTIONS.

The following written to the Times-Democrat will interest the progressive farmers of Lawrence fully as much as the farmers of Fleming county:

Farmers of Fleming county are finding it more and more difficult to grow profitable crops of red clover. Under most favorable atmospheric conditions such as existed during the season of 1915, fairly good returns may be expected; but under ordinary conditions we do not get a "catch." This is largely

ly due to the fact that our soils are becoming depleted of the plant food necessary for the production of clover. We have cropped out the humus and our soils have become sodden and sour.

We break and cultivate our lands when too wet, which is sure to result in a poor mechanical condition of the soil, and also renders less available the ever decreasing supply of plant food. It is time for us to call a halt. Extensive farming must give way to intensive farming. Larger crops on fewer acres should be our aim. We should break no more land than we can thoroughly till, leaving the remainder of the farm for grazing purposes. We should adopt such a rotation that a legume is grown once in four years, or better still, once in three years. If we can not grow red clover successfully, then we should plant other legumes.

In the following list I have given each legume what I consider its place as to relative value: Cowpeas, soybeans, crimson clover, sweet clover, Japan clover. Nearly all of the soils of Fleming county will respond generously to an application of ground limestone and phosphorus.

COOPER HOME BURNED.

The home of Judge R. H. Cooper on Elm-av. was destroyed by fire last Sunday night while he and his family were attending church. The home was practically a complete loss though the outer shell was left standing. Some articles of furniture were saved, but practically everything in the house was damaged by fire, smoke and water. The department arrived too late to be of any service except to prevent a further spread of the flames to other houses.

MEETINGS CLOSED.

The twelve-days series of revival meetings which were opened at the Methodist Episcopal church on March 14th closed last Sunday evening after a season of great religious success. The meetings were under the direction of Rev. W. H. Davenport the District Superintendent; Rev. J. H. Anderson, Methodist pastor at Ashland; Rev. M. C. Reynolds, Methodist pastor at Pikeville, and Rev. Wade Rowe, Circuit pastor. Dr. Davenport preached the closing sermon to a crowded congregation.

Several persons were converted during the progress of the meetings.

QUIETLY MARRIED.

Miss Mae Johnston, daughter of Taylor L. Johnston of Greenup, Ky., was united in marriage to Mr. Victor E. Bevins, cashier of the Pikeville National Bank, last Thursday evening. The ceremony was quietly performed at the home of Mr. and Mrs. W. P. Call on Second-st., Rev. Dr. J. F. Record of the Presbyterian church officiating. Only a few friends were present.

EXPRESSION RECITAL.

Miss May Elliott's class in expression at the high school was heard in a delightful recital last Friday evening. The program of recitations was interspersed with music and it was a very attractive entertainment. A large gathering attended.

CONDUCTOR AND BRAKEMAN BADLY INJURED.

A carload of staves turned over on conductor Ben Baker and brakeman George Ball last Saturday afternoon at the Coalvale or Edgewater mines, and the men were so badly injured that they had to be rushed into Ashland on a special Saturday night. Baker was unconscious when brought here, but Ball was fully conscious and suffered intensely from his pains.

The men were riding on top of a carload of staves which was being taken up the branch. On rounding a curve the car turned over. They were quickly taken from under the car and rushed to Pikeville where they received surgical attention while waiting for a special to be made up.

MINER SHOT TO DEATH; WIFE HELD.

John Robinson, a miner in the employ of the Keyser Coal Co., was shot to death at Keyser last Sunday. He died immediately after receiving two bullet wounds, one in the region of the heart and one in the right arm. Mrs. Robinson, who is from Floyd-co., was placed under arrest upon a warrant charging her with the killing and she was brought to Pikeville Monday.

Up to the time of the examining trial she maintained strict silence, though it was apparent that she felt the nervous strain.

SECOND BOILER EXPLOSION KILLS THREE.

The grist mill of this county was blown into atoms last Saturday and three men, Barney Riddle, Grant Daugherty and Harvey Blankenship, were killed. Several others were badly injured, but the name of only one of these—B. Blankenship—is available. Three of the injured are in such critical condition that they will probably die.

Nothing is known of the cause of the disaster but it is thought to have been excessive steam pressure.

WIFE HELD IN ROBINSON KILLING.

John Robinson, a miner for the Keyser Coal Co., was shot and almost instantly killed last Sunday morning at Keyser, and his wife was placed under arrest on a charge of having fired the fatal shot. It is understood that she contends that her husband shot himself. She was brought to Pikeville and on Tuesday was given an examining trial and admitted to bail in the sum of \$3,000, which she could not at the time furnish, and was placed in jail.

NO CLUB MEETINGS UNTIL APRIL 7TH.

The Pikeville Good Roads Club will not meet at the usual hour this evening, but will hold its regular session one week from today. The club members and as many other citizens of the county as can be urged to attend will meet with the Fiscal Court on Tuesday of next week at which time the court will be urged to appoint the commissioners to handle the fund arising from the bond issue of \$500,000 for the building of good roads. The names of a number of safe and careful business men will be submitted to the court from which the commission is expected to be made up. As this is a representative measure in which all the people are interested, all are urged to attend and help in the selection of good men.

CALLED TO PITTSBURG BY MOTHER'S DEATH.

Ben and Edward Burke of Pikeville were called to Pittsburgh last week by the death of their mother, Mrs. Lizzie Burke. Edward received telegraphic word Thursday that she was very low with pneumonia and sinking fast. He wired his brother Ben, who was on Beaver creek at the time, and he left Friday morning, and Ben left last on account of receiving the advice late. Mrs. Burke passed away Friday evening before her sons reached her bedside. A daughter, Mrs. William Cooksey, of Grayson, also went with them.

LETCHER COUNTY AND WHITESBURG.

What is Happening in this Rich Coal Territory of Kentucky.

WHITESBURG, KY., March 29.—Although high winds have blown since Sunday splendid weather conditions prevail throughout the mountains and farmers generally are taking the advantage of the fine weather and are getting in readiness to plant bumper corn crops, tend large gardens and do an unusual amount of work generally this spring and summer. Truck growing will occupy the attention of a number of our best farmers, especially potato growing, a number of them specializing on that commodity, a step in the right direction. In a number of instances farmers are getting wise to the fact that it pays to put much of their attention to the growing of vegetables, etc., giving them splendid returns.

The Cumberland Telephone & Telegraph company completed their lines into Blackey the new town in the southern end of the county several days ago and will reach Whitesburg within the next day or so giving our town connection with the whole outside world. The completion of this line will add a new epoch to mountain telephone connection and prove of incalculable benefit to the business interests of the coal fields section, perhaps the most important telephone connections built in Kentucky in years. From this city the lines will go on extended through Kona, Seco, Fleming, McRoberts and Jenkins to Pikeville.

At an early hour Saturday morning Lee Tharp aged about 21, of Quicksand, Breathitt-co., was killed by an L. & N. coal train at a point a short distance above the railroad station. The occurrence is considered very mysterious. Some, however, believe that Tharp intended boarding the train for his home, while others assert and believe that his acts were of a suicidal intent. Instructions as to the disposition of his body was left in a memorandum he carried in coat pocket. Tharp was knocked by the pilot of the engine quite a little distance before the engineer saw the body. The remains were prepared and shipped to Quicksand, his former home for interment.

Tharp had been employed for awhile on the county road work immediately above Whitesburg and had made many friends in Letcher county.

It is announced today at Seco that The South East Coal Co. will start the construction of 30 additional miners' houses at once and the work is to be rushed rapidly forward to completion.

L. L. Lavers the manager of the company was up from Paintsville the past week and made arrangements to start the work. Additional mines are to be opened and a large increase in the company's output is forthcoming. It is believed, also, that arrangements are practically complete for the initial work on the new plant, the development of the Tilden Wright tract between Millstone and Thornton. It is generally believed that this work will start April 1 or soon thereafter.

Aunt Elizabeth Hale, aged 80, one of Letcher county's best loved old women died at her home at Colson on Rockhouse west of here after a long illness. She was the mother of Elijah B. Hale and Nat Hale well known and popular educators of Whitesburg, and the sympathies of the entire community goes out to these good men in the death of their aged mother. Aunt Elizabeth was well known all over the mountains.

A few days ago Dick Vance of Crafts ville, this county shot and severely wounded Cricket Collins a farmer of Carr's Fork, Knott county, a point near the Letcher-Knott border west of here. The shooting is said to have occurred entirely without provocation. Vance escaped to the mountains soon after the shooting and has not been seen since. He will be rewarded by friends of Collins. Vance has a family at Craftsville.

Owing to the illness of Judge John F. Butler holding a special term of the Letcher Circuit court he was compelled to leave for his home at Pikeville. Judge Patrick of Salyersville was detailed to take his place and arrived

yesterday. It is unfortunate for the court and Judge Butler, and it will be remembered that the court was twice interrupted at the January term by illness of Judge Butler.

The damage suit of T. L. Webb of Sergeant against the Louisville & Nashville railroad company for alleged injuries received about two years ago in a lever car wreck near Craftsville will come up in the Letcher Circuit Court tomorrow and attract considerable attention.

The case has been passed from time to time. Webb is praying for \$1000 damages.

At Seco in the coal fields section Mr. Martin Venters, aged 20, was married to Miss Florence Stanley, aged 17, one of the best loved girls of Seco, Squire Johnnie Potter officiating. The wedding came as quite a surprise to their legion of friends, the friends of both the bride and groom.

WHITESBURG, KY., March 29.—The hearing of the damage suit of Loyd Webb against the Louisville & Nashville railroad for \$2000 for alleged injuries in a lever car accident near Craftsville two years ago in which Webb received a broken leg is scheduled to come up in the Letcher Circuit Court to-day, having been continued from day to day since last week. The case will be watched with considerable interest.

Among the notable visitors in Whitesburg this week was Hon. Ed C. O'Rear of Frankfort, who came up on business for the different big corporations of which he is interested, being employed as an attorney. Judge O'Rear has many friends all over the mountains all of whom are always anxious to see him. From here he went by way of Fleming and the coal fields.

A number of officials of The Elk Horn Mining Corporation, including George T. Fleming, Mr. Flue and others made a tour through the big development centers above here during the week and expressed themselves as well pleased with the active mining operations in process. Continued increases are in evidence at the different plants.

At Jenkins a few days ago Mr. Oris Dollin, aged 23, a barber was married to Miss Cora Craft, aged barely 15, the daughter of J. W. Craft. The wedding came as a complete surprise.

At Rockhouse Mr. Shade Combs, aged 37, was married to Miss Ollie Adkins aged 21, daughter of W. B. Adkins a farmer. It was the second venture. At Fleming Mr. James Deem, aged 41, was married to Miss Lizzie Webb of Sergeant, making the second marriage of each.

Marriage license were issued to the following, also: H. A. Muncy, 24, to Bertha Bailey, 22, at McRoberts; Fay Hibbs, aged 21, to Stella Reffett, 19, at McRoberts; Geddon Holcomb, 23, to Miss Orgie Cornett, 22, Line Fork; Grant Fields, aged 19, to Miss Millie May Holcomb, 17, Line Fork; Wm. J. Harmon, 22, to Vada Myrtle Wright, 19, at Fleming; R. B. Banks, aged 20, to Miss Polly Sturdivant, 17, at Cumberland river; Isaac Potter, 22, to Miss Dollie Hall, 17, at Baker.

It is reported here that L. Dow Collins of Whitesburg has purchased the Archie Craft timber lands on Thornton near Sergeant in this county and that he will begin immediately the development of the property. The most of the oak will be manufactured into staves.

Timber operations are getting active all along the Louisville & Nashville railroad.
